GRADING

Grades are reported by semester to students and parents. Our assessment is standards based, criteria referenced on a 1 to 7 scale. Due to the transitory nature of our student body, AISZ does not publish class rank or report student grade point averages (GPA).

ABOUT AISZ

We develop skills and character for futures rich with promise

The American International School of Zagreb (AISZ) is a coeducational college-preparatory day school enrolling students in preschool through grade 12. The students come from American and international families residing in Zagreb and Croatian families who want an American international education for their children. The school opened in 1966 and graduated its first senior class in the spring of 2005.

CURRICULUM

AISZ is a non-selective school, for both admissions and IB Diploma enrolment. AISZ offers AERO Standard based learning up to high school. We offer learning support and English language support for identified students. In Grades 11 and 12, students may choose to take The International Baccalaureate (IB) Diploma Programme or IB course Certificates, both requiring the successful completion of external IB exams.

All graduates earn the AISZ American High School Diploma. Students who choose not to enrol in the IB programme, follow IB Standard Level course content, without the expectation of completing and sitting external assessments and exams.

2020-21 PROFILE COVID STATEMENT

Due to COVID 19 and Croatian government health regulations, AISZ moved to a full virtual learning model from March 13, 2020 until the end of the academic year, June 12, 2020. School opened August 19, 2020 with PreKindergarten to Grade 5 in school full time. However, for the entirety of 2020-2021, Grades 6 through 10 moved to a 4 day block schedule in a hybrid learning environment of alternating two consecutive days face to face, followed by two consecutive days of virtual learning. Seniors (Grade 12) were able to return to full, on site, face to face learning from January 2021; Grade 11 students returned as from April 2021. Beginning in August 2021, AISZ opened with full, in person learning for all grades.

In recent years, our students have had less access to SAT, SAT Subject and ACT tests because of fewer test dates abroad, fewer sites offering the test, score cancellations, technology difficulties and higher fees. We ask that all higher education institutions take this into account when evaluating our students' applications.
